

TRAINED K9S

We provide dogs trained in a variety of specialties, please contact us to discuss your needs.

All dogs come with a minimum 1-week course that teaches handling, maintenance and continuation training, enabling full independence.

SOKKS Detection

- Trained using SOKKS-MPTS pure odor for any detection purposes, including: explosives, narcotics, arson, bed bugs, cadaver, currency, and mold.
- Passive Alert
- Handover course includes all equipment necessary for supplementary training.

Operational Directionals

- Voice-guided directions at distance:
 - Move left/right/forward/back
 - Look/scan and focus on an object or area
 - Pick up, carry and place objects
- Option for radio guidance and camera system (K9 Vision System).
- Can be used for reconnaissance or paired with other specialties.

Single/Multi-Specialty

One or multiple of the following:

- Detection (see above SOKKS options)
- Assault/Patrol
- Laser Guidance
- Tracking
- Reconnaissance (with K9 Vision System)

CONTACT

For further information, please see below.

Dogs come with registration and health guarantees. We work with a wide network of working-line breeders, and can help source untrained dogs.
